THE SMALL PRINT:

- * We like to always put a face to a name, and where possible meet with our clients in person, to truly get an idea of who they are, what makes them tick and get a vibe for what their vision is. We'd love to have a face-2-face meeting with you and will travel up to 20 miles. If you are not local we can arrange a skype/zoom video call instead.
- ** Our 'inspiration call' is to chat over any ideas that may have come to mind during the process of your design project, and suggest any ideas which could help catapult your business further by way of introducing things that may have not crossed your mind. We want to get you even more excited about the future of your business than you already are!
- ^ Once complete, we will write an exclusive case study blog on our website, all about your design project with supporting images of the work carried out and links to your website and social media pages, creating free exposure to your business.

All prices are subject to 20% VAT. All packages require a 50% deposit before work commences, with the remaining 50% due on completion.
